CALMING SUPPLEMENTS

TRYPTOPHAN, MAGNESIUM & B-VITAMIN PASTE FOR HORSES

ACTIVE INGREDIENTS per 30g:

L-Tryptophan 3000mg, Vitamin B1 (Thiamine mononitrate) 600mg, Vitamin B2 (Riboflavin) 501mg, Vitamin B3 (Nicotinic acid) 501mg, Vitamin B6 (Pyridoxine hydrochloride) 300mg, Magnesium Glycerophosphate 6000mg

Features

- ☐ Provides essential amino acid tryptophan, necessary for Serotonin production in the brain associated with sedation, reduced aggression and reduced fearfulness.
- ☐ Provides a highly concentrated complex B-Group vitamin source to improve energy metabolism and stimulate appetite.
- ☐ Concentrated magnesium for optimal muscle function and minimizing nervous behaviour.
- ☐ Highly palatable paste.

Benefits

- ☐ May rectify nervous twitching, flighty behaviour, difficult behaviour and nervous related diarrhoea.
- ☐ Provides supplementation of B-Group vitamins not readily stored in the body.
- ☐ Safe and natural ingredients.
- ☐ Does not contravene rules of racing.

DIRECTIONS FOR USE/CONTRAINDICATIONS:

Can be administered in feed or as recommended by a veterinary surgeon.
Do not give for more than 3 successive days prior to a stressful event.

IMPORTANT NOTE: It is advisable to also review the feeding regimen to ensure excessive amounts of grain are not being provided, which may cause excessive irritability if energy provided is not expended.

DOSAGE RATE:

Horses (450-550kg) administer 1 entire syringe (30g) daily as required, at least 3 hours prior to exercise or travelling.
Ponies (<400kg) administer half a syringe (15g).

PACK SIZE:

30mL Syringe.
